THE BIRTH OF UKA

The tale of Uka begins with the chrysalis of over 90 years of rice-growing tradition by the family of a Japanese American immigrant whose mission is to set the highest quality rice standards. Combining this rice with a select brewer with 300 plus years of sake experience lays the path for the emergence of Uka. Every sip of Uka is a journey traceable back to the organic field from which the rice was harvested. Your patronage helps support butterfly conservation.

Pleasantly intense aromas of green apple, pear, and hints of anise. Smooth, dry, and light entry with honeysuckle, mineral notes, and a long finish -- a delicious sake that beckons food.
